

Go Where the Action is . . .

# Be a Water Quality Professional

"It's the variety I like—that's what attracted me to this job to begin with. Each day presents new and different challenges. We try to make it fun everyday. And it's great making money doing something you like."

Kenneth Lowe  
Assistant Maintenance Foreman  
Nashua Waste Water Treatment Facility

## THE NATURAL CAREER CHOICE!

Join the men and women at work on the water quality frontline at wastewater treatment facilities . . .  
Doing more to protect public health and the environment each day than most people do in a lifetime.
