

Corrosion Challenges Posed by Biofuels: Webinar Overview

Michael L. Pomes/EPA Region 7
EPA National UST Biofuels Team

Webinar Overview

- Welcome/Acknowledgments
- Setting the Stage
- Today's Presenters

Welcome/Acknowledgments

- Welcome to the Webinar
- Acknowledgments
 - Jaclyn Harrison, NEIWPCC
 - Speakers
 - Steve Pollock
 - Jeffrey Sowards
 - Prentiss Searles
 - Members of the Biofuels Webinar Planning Team

Setting the Stage

Photo: Bill Heimann, KDHE

Today's Presenters

- *Accelerated Corrosion of UST Equipment (an ethanol hangover)* – Steve Pollock, Virginia Department of Environmental Quality
- *Corrosion of Copper and Steel in the Presence of Acetobacter sp. in a Simulated UST Sump Environment*– Jeffrey Sowards, National Institute of Standards and Technology (NIST), Boulder, Colo.
- *Corrosion in Systems Storing and Dispensing Ultra Low Sulfur Diesel (USLD), Hypothesis Investigation*– Prentiss Searles, American Petroleum Institute (API)
