

NEBAWWG – MAWWG JOINT MEETING

FINAL SESSION: CHARTING A PATH FORWARD

COLLECTIVE IDEAS FOR FUTURE TASKS

1. “Marketing our work” - widely sharing accomplishments and statements of why NEBAWWG & MAWWG are so important
2. Develop and nurture partnerships – NEIWPC, ASWM, ASFPM, DOT’s/federal highways (with an eye toward leveraging funding)
3. Wetland assessment data and mapping data use (accessibility)
4. Coastal hazards, risk management and planning
5. Monitoring small and large mitigation and restoration projects – how do we want to use this data/information to inform future projects
6. Develop steps on how to use functional assessment to develop quality mitigation and restoration
