+ ADD-ON: \$2,000+

- In addition to the benefits of Base Sponsorship, your company will be recognized as sponsor for poster sessions or offsite social event(s) of your choosing

We are pleased to announce that the 11th U.S. Symposium on Harmful Algae will be held on **October 23-28, 2022, in Albany, New York, at the Hilton Albany**. Local coordination is being led by NEIWPCC, New York State Department of Environmental Conservation, and U.S. Geological Survey with support from the U.S. National Office for Harmful Algal Blooms at the Woods Hole Oceanographic Institution.

Why should your organization partner with the 11th U.S. Symposium on Harmful Algae?

In one word: **visibility!** Being an exhibitor or sponsor gives your organization the exciting opportunity to engage and develop a deeper network within the HAB community.

With a guarantee to reach national professionals in the HAB field, this conference provides an excellent marketing vehicle to a targeted and attentive audience.

This conference consistently draws over 300 attendees, including national representatives and researchers from academia; state, federal, tribal, and municipal governments; the private sector; and watershed organizations.

For general questions about sponsorships at the 11th U.S. Symposium on Harmful Algae, contact Maryann Dugan @ mdugan@neiwpcc.org. Please visit our [conference website](#) periodically for the most current information on the conference.
