## Impacted UST Facilities

- We contacted over 50 facilities either by phone or by in person.
- Started with just general conversation.
- Many facilities had no issues
- Few had minor issues, slight damage to awnings, or staff evacuating.
- Few had power shut down
- Two facilities had most above ground part of facility distroyed

#### Lessons Learned

- For UST Facilities
- Have a plan in case of wildfire/power outages
- Know your system
  - How to get accurate reading on fuel in system
  - How to safely shut down system
  - How to restart/recalibrate system

#### Lesson Learned

- Agencies
- Reach out for help from others
- Know where facilities are located in relation to wildfires
- Setup communications plan
- Work with operators to have plan for removal of fuel at damaged facilities
