## Old Business

1. **NWGLDE – NEIWPC** – website moving.
  - Team reviewed current layout and made recommendations for changes to try to include. David / Don coordinating requests to NEIWPC
2. **PAP Manual update / requests to teams** – no new updates.

## New Business

1. **Workgroup Vacancies** – Election for new members postponed. NWGLDE will extend the period for accepting applications for workgroup membership. Motion was made by Oma. Seconded by Wesley. All in favor.
2. **Ac'cent environmental services – groundwater procedure** – team reviewed and discussed groundwater procedure. Determined testers should consult with AHJ before use.
3. **CITLDS** – Request was made for CITLDS reports to include calculated leak rate (CLR) on monthly reports. Shaheer contacting vendor (s) to make request.
4. **Vaporless ARM (automatic re-pressurization module)** – request from state of Nevada. Team discussed module operation in relation to in line leak detection and potential impacts. Greg contacting vendor for verification.
5. **ATG Methods and other NVTTC methods** – discussion of water ingress / ethanol. Team discussed potential issues. Will discuss directly with vendors in Fall 2023 meeting specific concerns, questions and potential solutions.
6. **Proposed Fall 2023 meeting** – Charleston, SC October 31 – November 3<sup>rd</sup>. Vendors and regulators invited to attend. NWGLDE topic driven conversation format proposed for vendor presentation.
7. **Adjourn.**
