2025 National Nonpoint Source Training Workshop

This workshop will foster coordination among NPS program practitioners and partners by bringing together state, Tribal, Nation, territorial, federal, and other interested stakeholders involved with program activities under Section 319 of the Clean Water Act.

OCTOBER 27 - 29, 2025

HILTON CAPITOL CENTER, BATON ROUGE, LOUISIANA

SUNDAY, OCTOBER 26				
3:00 – 4:30	Field Trip: LSU Center for River Studies The field trip will embark you on a journey that will take you back in time, along the coast of Louisiana, and into the future of the Louisiana Coast! Prepare yourself for a guided tour of our exhibit space, which will cover the history of the Mississippi River, how levees created land loss, and what is being done to restore wetlands. You'll also be amazed when you see the Lower Mississippi River Physical Model, a working hydraulics laboratory where students and engineers conduct research used in restoration projects along the river. This field trip is free to attend but transportation is on your own. Pre-registration is required. The LSU Center for River Studies is 1.2 miles from the Hilton Baton Rouge Capitol hotel.	100 Terrace Ave, Baton Rouge, LA 70802		
MONDAY, OCTOBER 27
