

UST Forecasting Tool

Planning for a Changing Transportation Sector

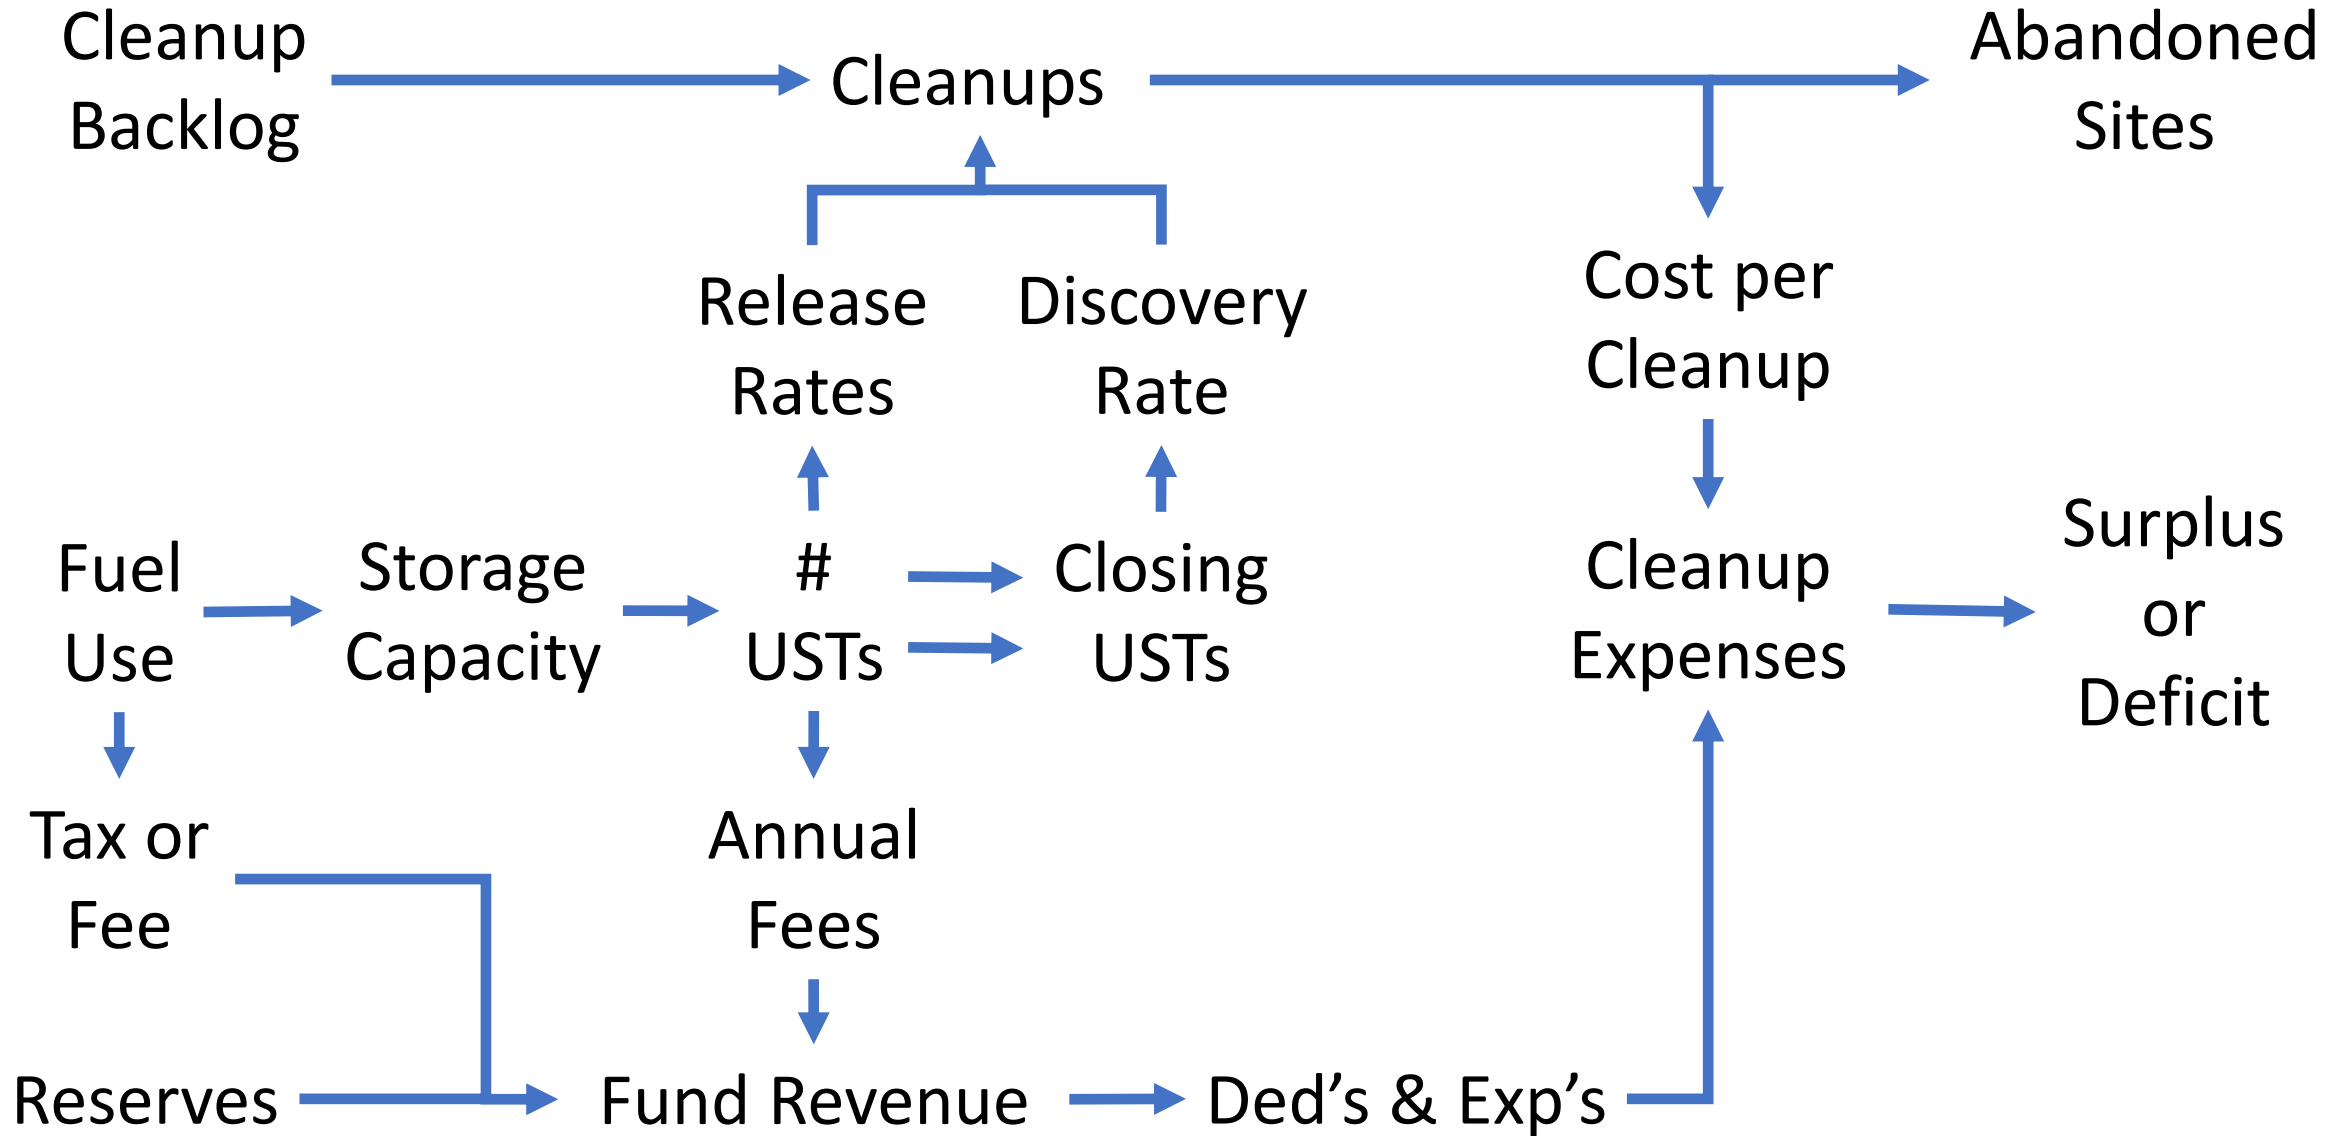

National Tanks Conference
Tom Schruben, EPA OUST
September 22, 2025

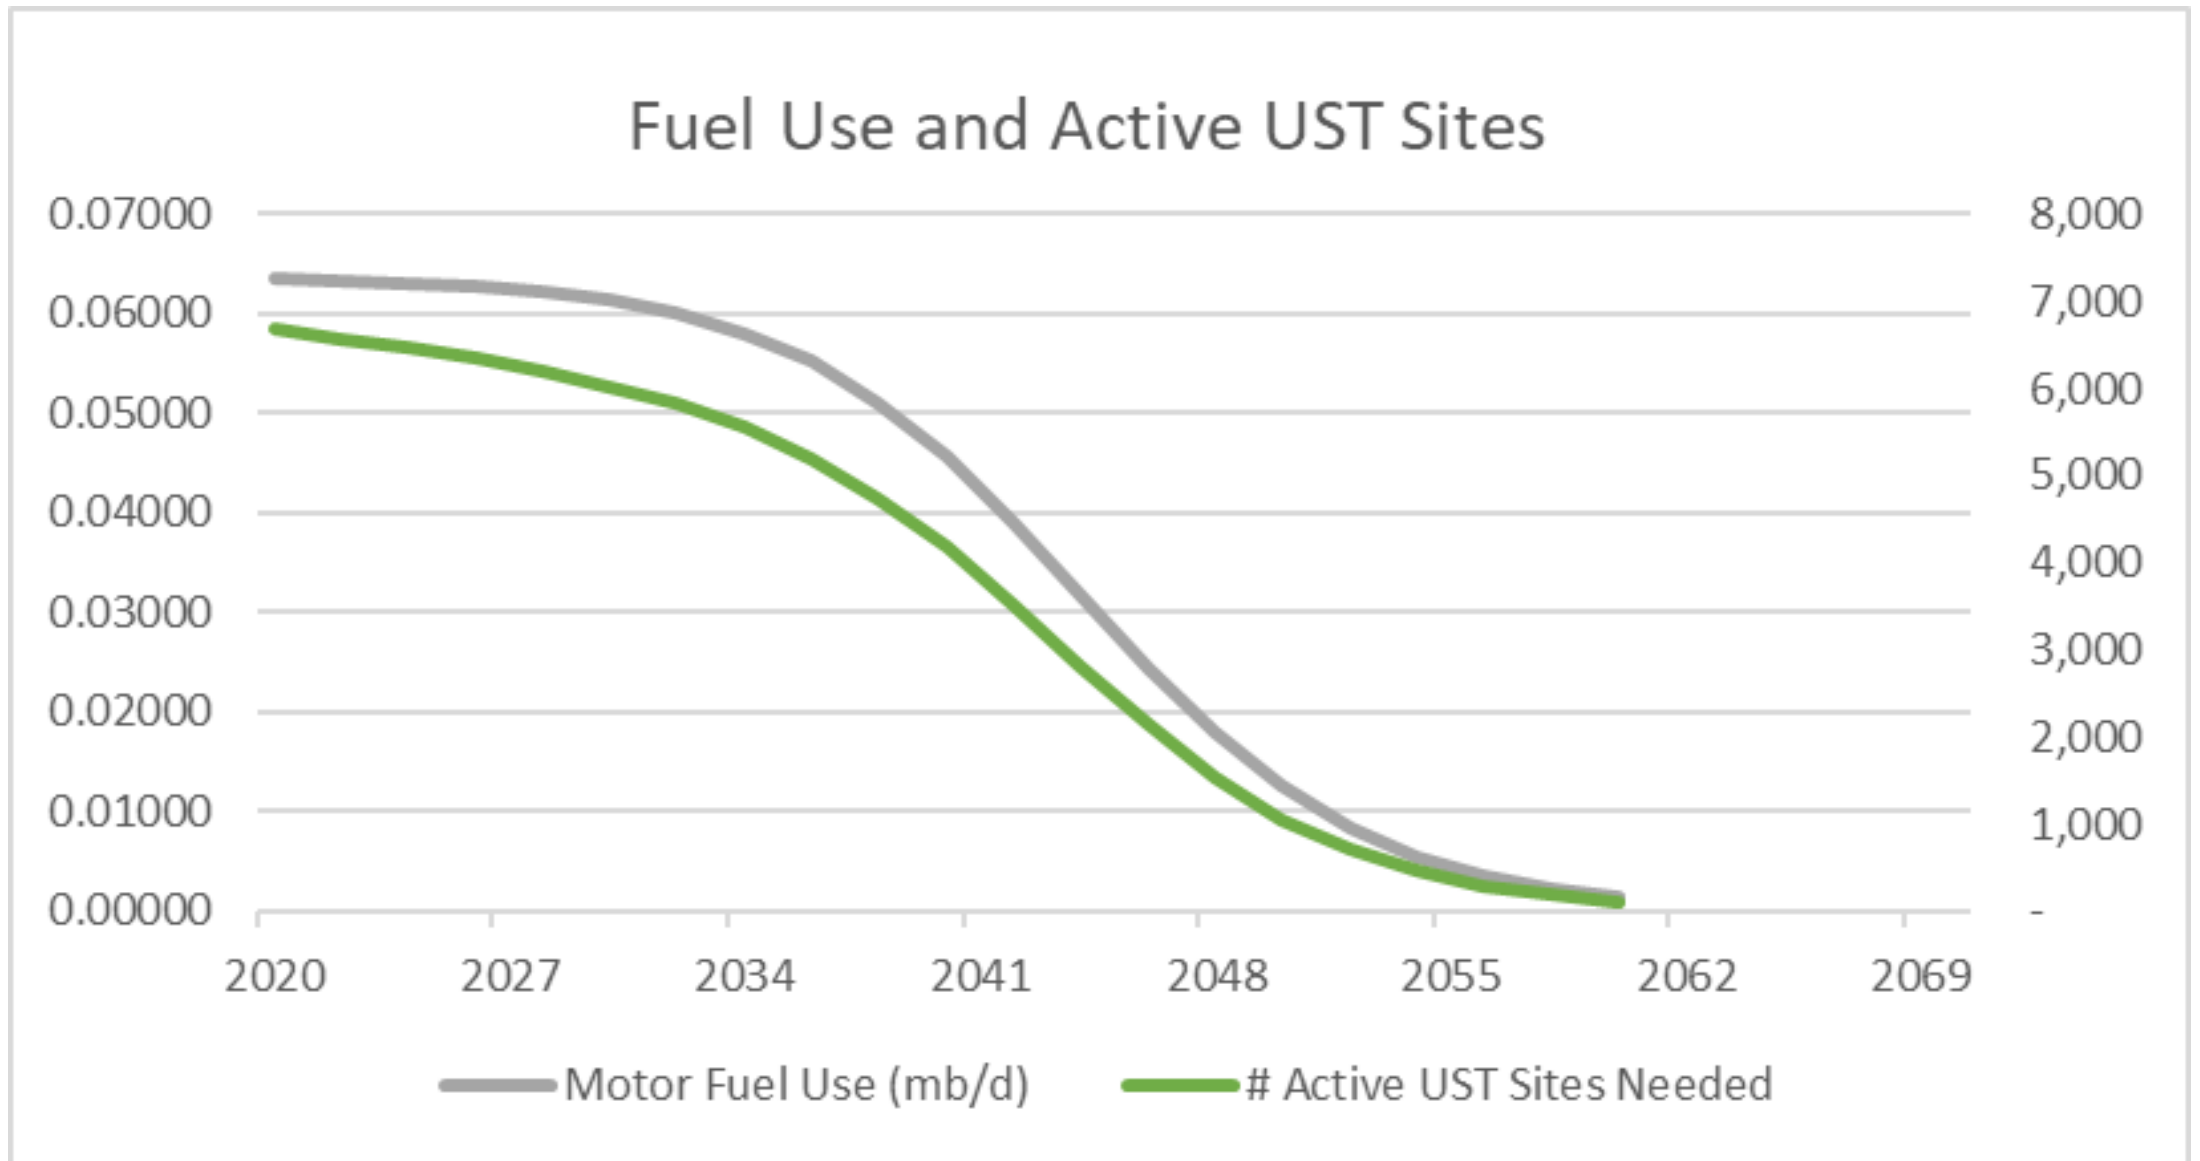

Intended Uses for the Forecasting Model

- Each State will have their own future
- Easily modified spreadsheet
- Bracket rather than predict
- Explore effects of major factors

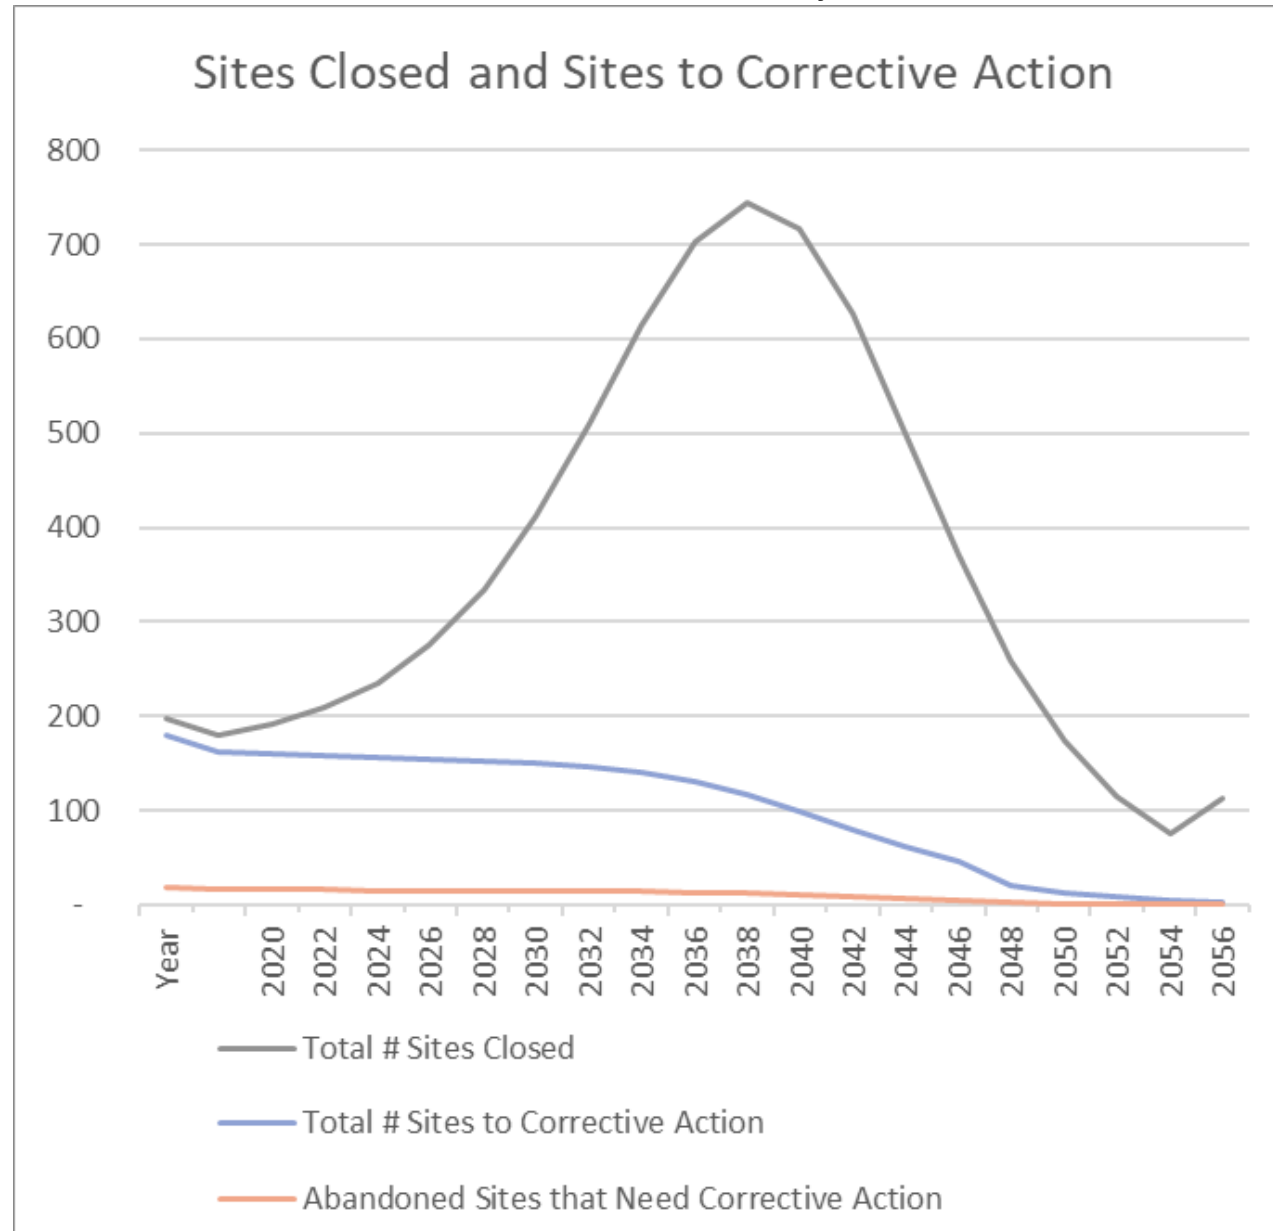

Forecasting Cleanups, Revenue, and Deficits

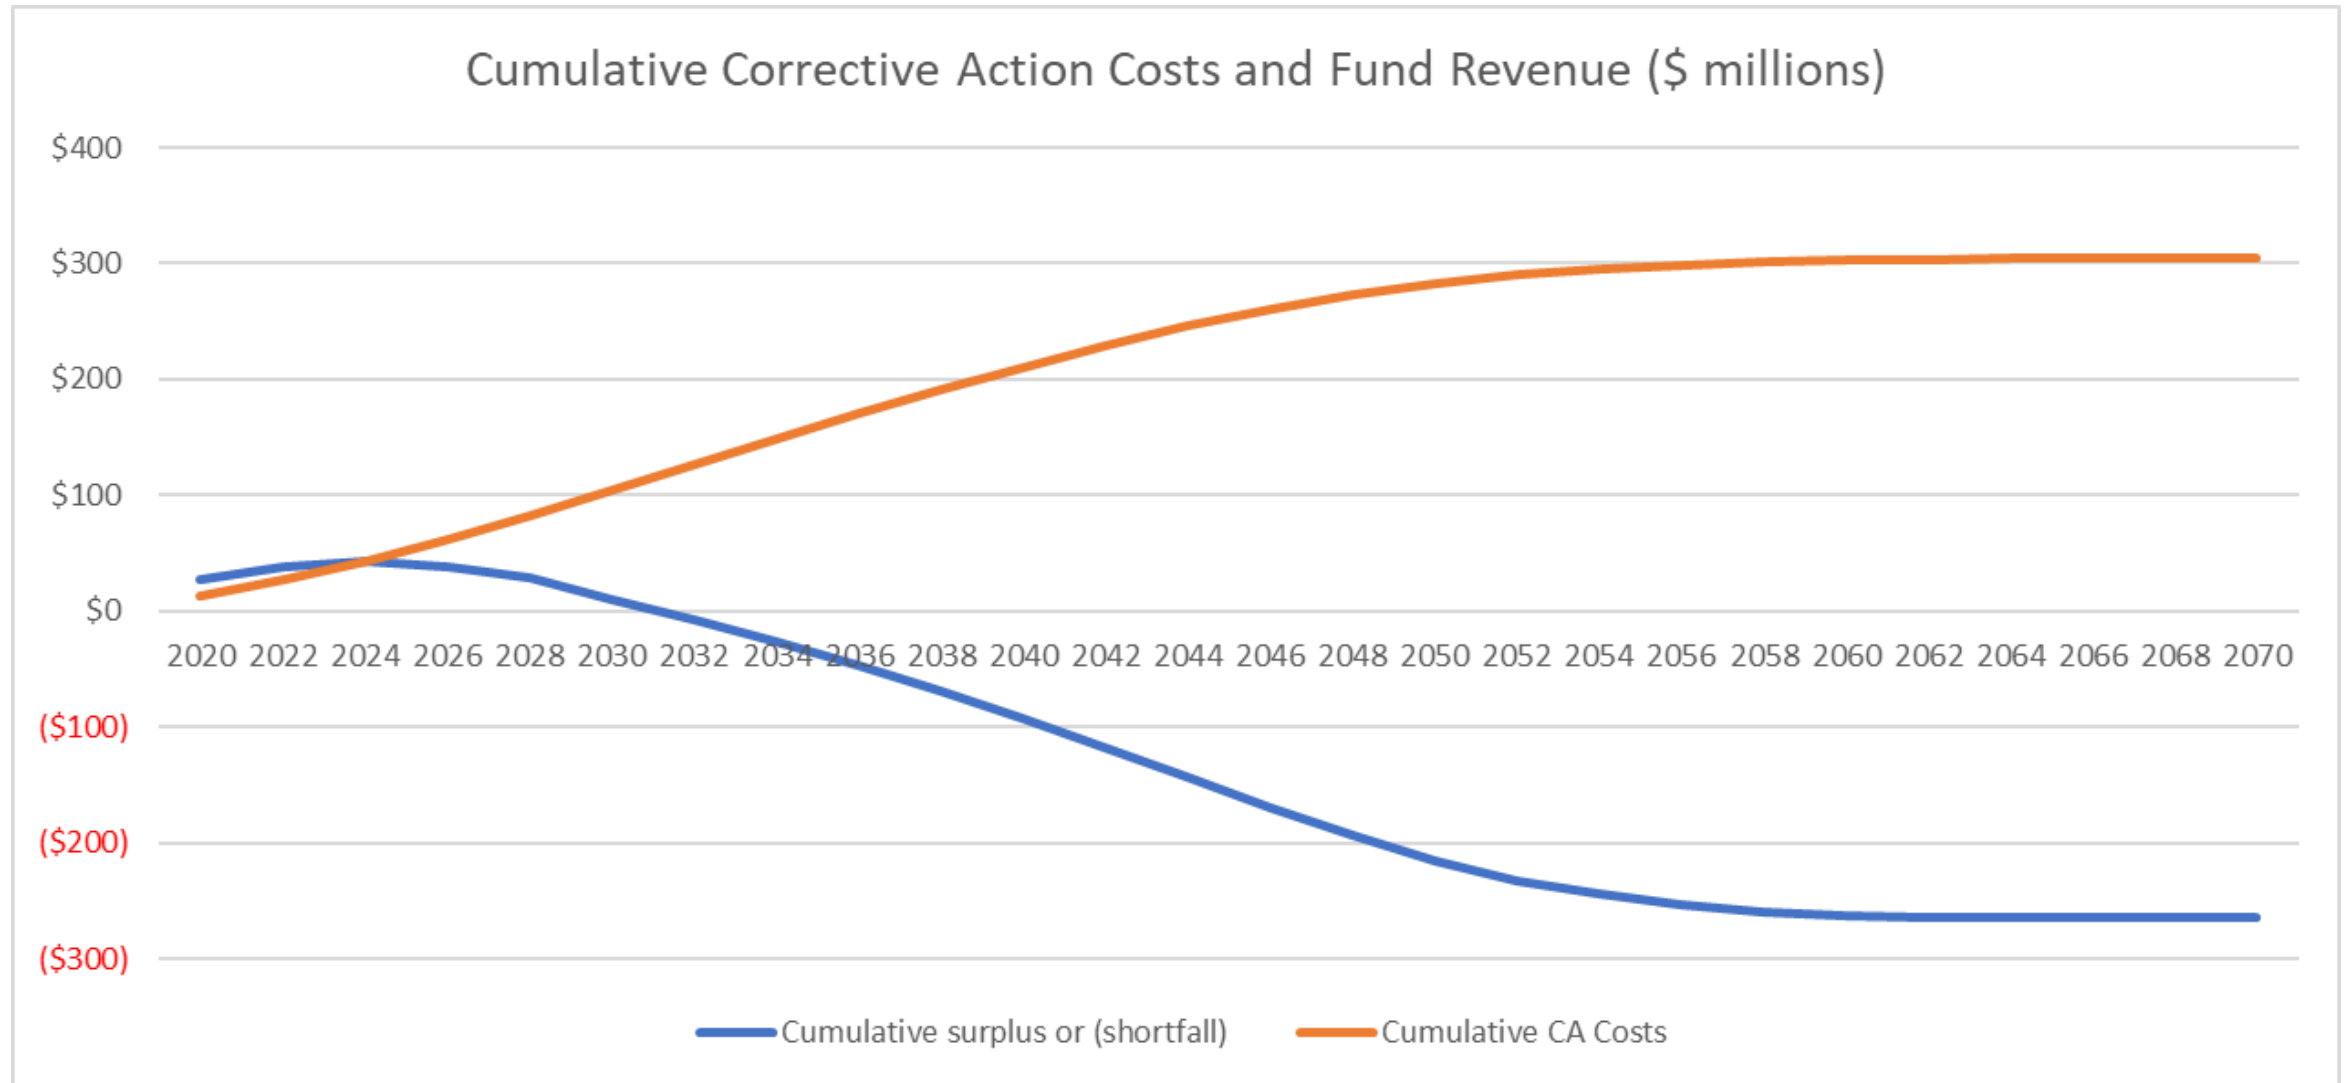

Fuel Use and Active USTs

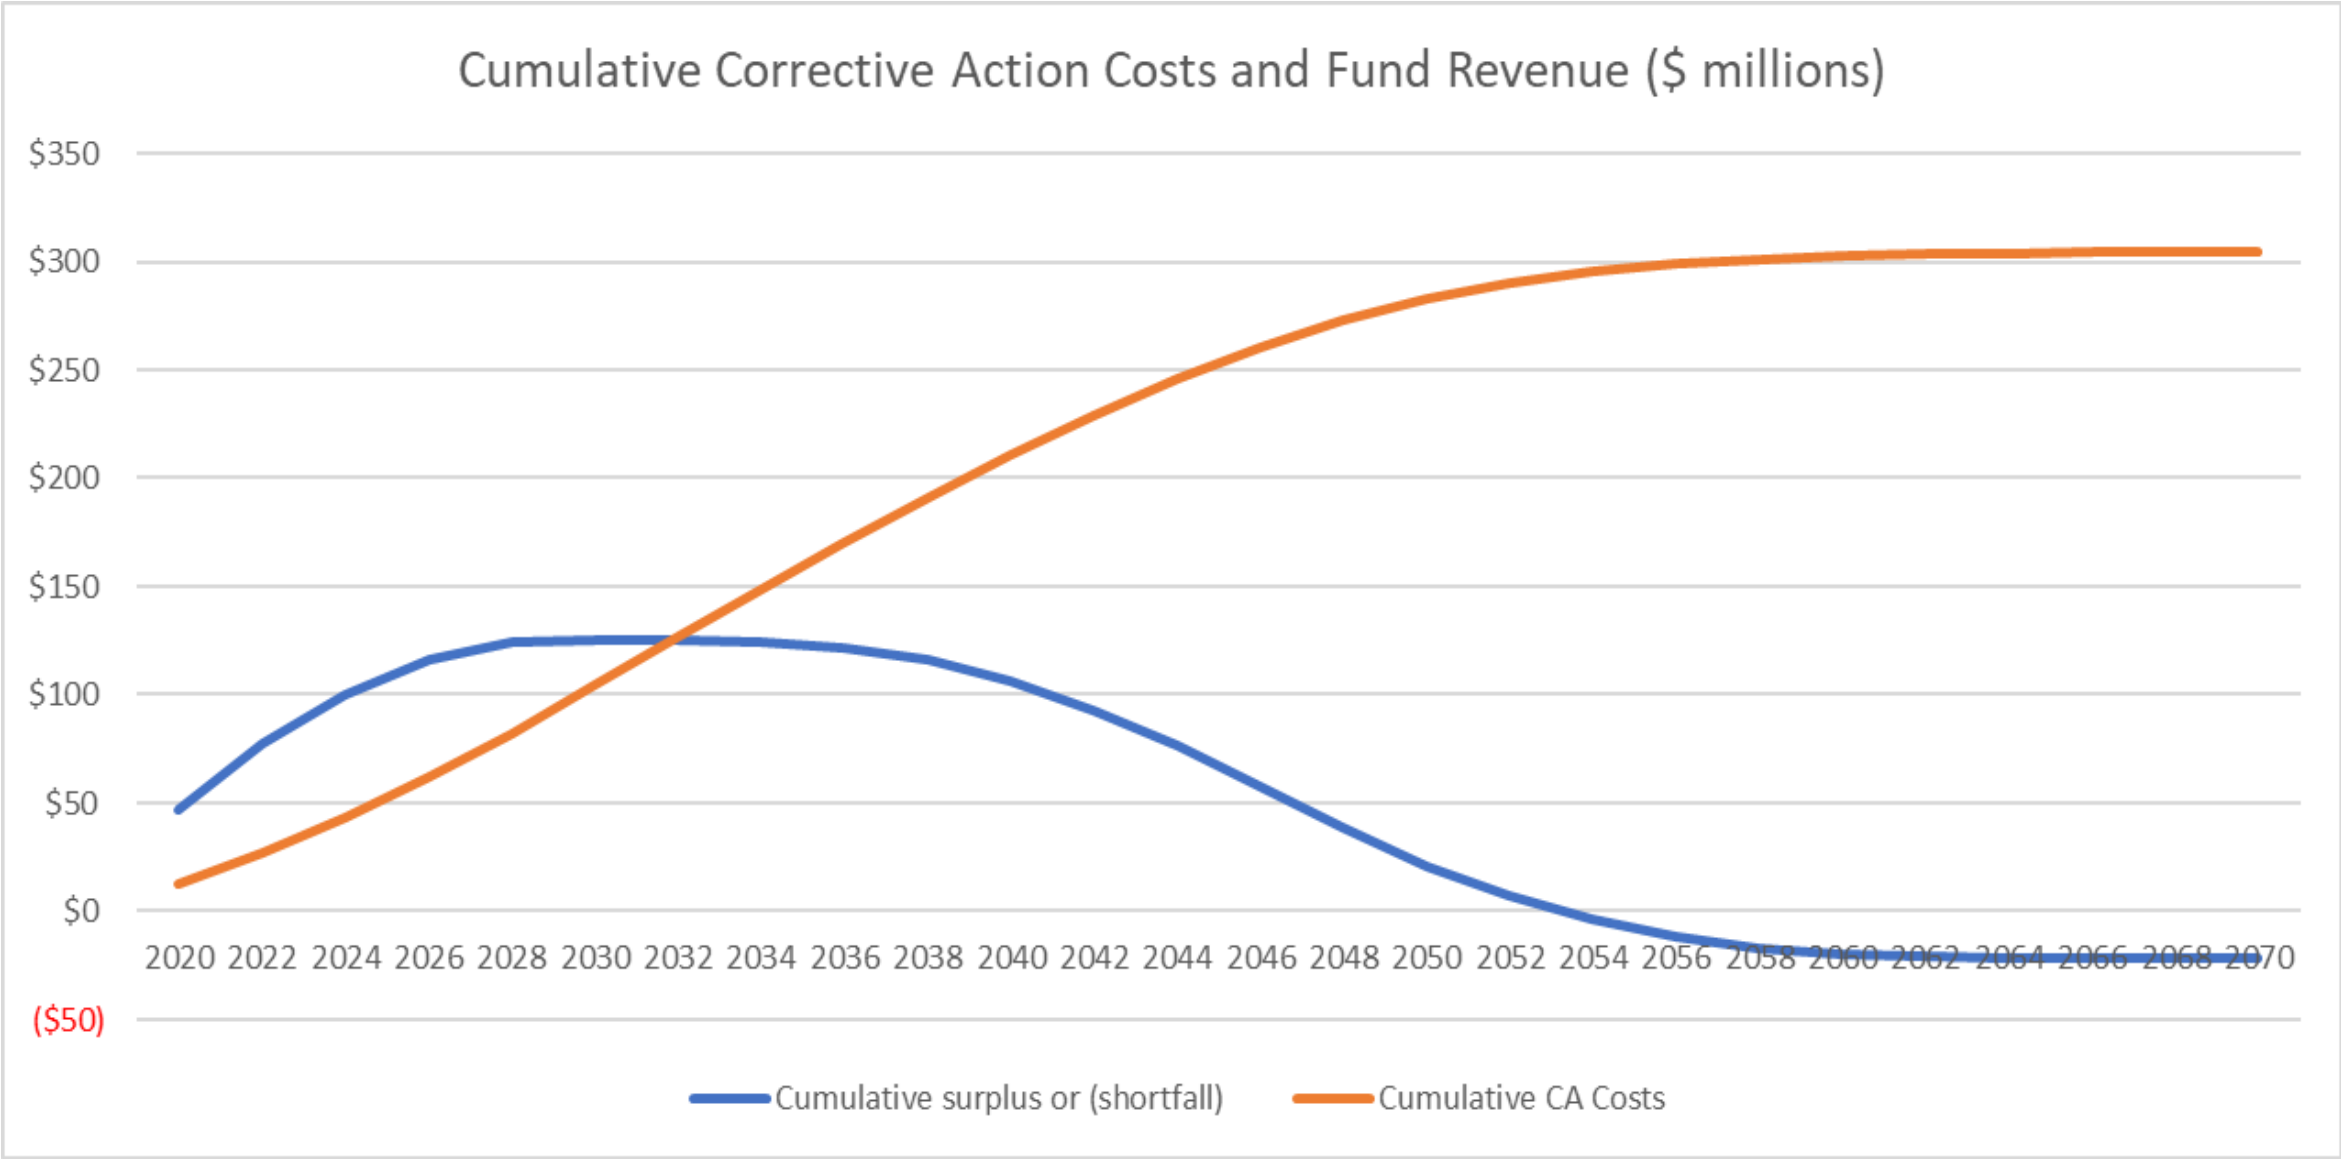

Closed, Corrective Action, and Abandoned Sites

Cumulative Costs & Fund Surplus (@\$0.03/gal)

Cumulative Costs & Fund Surplus (@\$0.04/gal, no cap)
