36th Annual Nonpoint Source Conference

Wednesday, April 8, 2026

	Don't Bog Us Down <i>Regency A&B</i> Moderator: Coming Soon	Skills That Stick <i>Regency C</i> Moderator: Coming Soon
2:00 - 3:00	The Merrill Pond Projects: Restoring Singletary Brook Daniel Buttrick, Tighe & Bond Coastal Resiliency and Hazard Mitigation Planning Geoffrey Glover & Jonas Procton, Horsley Witten Group	From Research to Practice: Designing a Green Infrastructure Microcredential to Address Plastic Pollution and Workforce Gaps Shannon Hogan, Urban Harbors Institute Nicole Taylor, The John Hopkins University School of Medicine X-Cel-ing at Maintenance: A Collaborative Approach to Maintaining Green Stormwater Infrastructure and Educating Future Water Conservationists. Lisa Holden, X-Cel Education Gemma Kite, Horsley Witten Group
3:00 - 3:30	Break	
	\$\$ Make It Rain \$\$ <i>Regency A&B</i> Moderator: Coming Soon	Field Trip Coming Soon
3:30 - 5:30	From Funding to Implementation: Massachusetts Case Studies in Nature-Based Solutions for Nonpoint Source Pollution Reduction Alex Simpson & Janet Moonan, Weston & Sampson Storytelling, Science, and Stewardship: A Creative Approach to Participatory Watershed Planning in the Upper Saco River Corridor Laura Collins, New England Environmental Finance Center Mark Dindorf, Harts Location Wet Gets Wetter: Antecedent Moisture Controls on Winter Hydrology and Water Quality in a Drinking Water Supply Watershed Tansy Remiszewski & Brett Boisjolie, Department of Conservation and Recreation From Rejection to Renewal: Strengthening Voter Support for Stormwater Investment in Newmarket, NH Andrea Berry, New England Environmental Finance Center Lyndsay Butler, Town of Newmarket, NH	Field trip description coming soon. Directions and more information will be posted on the website.
5:30 - 7:00	Networking & Social Event <i>The Cabby Shack</i>	
7:00 -	Dinner <i>On your own</i>	

Updated 2.17.2026

Thursday, April 9, 2026

7:30 - 8:30	Breakfast <i>Mayflower</i>	
8:30 - 9:30	Tide and True <i>Regency A&B</i> Moderator: Coming Soon OURSHORE - Maine's Guide to Nature-Based Shoreline Stabilization Alex Wong & Jordan Kimball, Maine DEP Case Studies Protecting and Improving Coastal Habitat and Water Quality in Massachusetts Kathleen Mason, Massachusetts Office of Coastal Zone Management	Power of Play <i>Regency C</i> Moderator: Coming Soon Guiding Outreach for Stormwater Pollution through a Regional Stormwater Stewardship Trail Brenda Zollitsch, Bangor Area Stormwater Group Megan Hess, Town of Orono, ME Community at the Center: A Co-Design Approach for Climate Adaptation Planning in a Shared Watershed Beth Kirmmse & Lynn Rae, Fuss & O'Neill
9:30 - 9:40	Break	
9:40 - 10:40	Curb Appeal <i>Regency A&B</i> Moderator: Coming Soon Great Bay Street Cleaning Study James Houle, University of New Hampshire Establishing Vermont's O&M Program for Non-Regulatory Clean Water Projects Jill Sarazen, Lake Champlain Sea Grant Rachel Buchanan, Vermont Dept. of Environmental Conservation	Local Leads The Way <i>Regency C</i> Moderator: Coming Soon Building Community Capacity to Address Stormwater Issues with Nature-Based Solutions Alexandra Gulachenski, New England Environmental Finance Center Danica Belknap, SNEP Network Liaison Watershed Planning, Partnerships and Public Education to Address Non-Point Source in a Mashpee Wampanoag Tribe Ancestral Pond Jason Steiding & Dale Oakley Jr., Mashpee Wampanoag Tribe
10:40 - 10:50	Break	

Updated 2.17.2026

36th Annual Nonpoint Source Conference

Thursday, April 9, 2026

10:50 - 11:50	Streamlining Success <i>Regency A&B</i> Moderator: Coming Soon Microbial Source Tracking to Inform Community-Based Water Quality Interventions Sarah Esenther & Michael Pascucilla, East Shore Health Department Finding the Easy Button: Enhancing Watershed Management with a New Prioritization Tool for Cost-Effective BMP Selection in Delaware Helen Smith, Devereux Consulting	Keep the Hay; Save the Bay <i>Regency C</i> Moderator: Coming Soon Quantifying Colloid-Facilitated Phosphorus (Pcoll) Loss from Vermont Agricultural Watersheds to Lake Champlain Amasha Withana, The University of Vermont Building Barns and Financial Capacity: How a Conservation District Combined 6 Grants to Manage Agricultural NPS Pollution from a Connecticut Dairy Farm Marlene Krajewski, Connecticut DEEP
	11:50 - 12:00 Break	
12:00 - 1:00	If You Plan It... <i>Regency A&B</i> Moderator: Coming Soon Better Together: A Community-Centered Planning Approach for a Clean, Connected, Climate Resilient Merrimack River Watershed Emma Gildesgame & Allyson Snell, The Nature Conservancy Going Green to Get Blue: Watershed Implementation for Queen Sewell Pond Michelle West & Sydney Stanton-Sheetz, Horsley Witten Group	Tool Time <i>Regency C</i> Moderator: Coming Soon Climate Adaptation Stormwater Standards (CASS): A New Era in Stormwater Management Arrianna Proia & Julie Wood, Charles River Watershed Association The Watershed Protection Standard (WPS) Toolkit: Materials to Help Local Governments Protect their Watersheds in Partnership with Development Theresa McGovern, VHB James Houle, UNH Stormwater Center

Poster Presentations

Development of Best Management Practices for Connecticut State Parks, Boat Launches, and Beaches
Jenna Bartholomew, Connecticut DEEP

Collaborating for Clean Water: Partnership Pathways to Amplify Federal Funding
Kyle Gray & Joanne Throwe, Throwe Environmental

Healthy Waters, Healthy Communities: Building Partnerships for Nonpoint Source Solutions that Increase Resilience
Diane Mas, Fuss & O'Neill, Inc.

Improving Water Quality in Miacomet Pond, Nantucket, MA: The Role of Dredging and Beneficial Reuse in Nutrient Management
Erin Grimes & Chris Greene, Geosyntec Consultants

Leveraging Partnerships to Engage Diverse Groups and Build Capacity in the Chesapeake Bay Watershed
Sadie Friesen & Delaney Samons, Chesapeake Bay Trust

Mitigating Flood Risk through Wetland (Re)Construction: a Proposal Evaluating the Economic and Environmental Impacts on Cape Cod
Madison Ambrogi, Fitchburg State University

Modeling Vegetated Buffer Performance for Stormwater Management in Maine
Khalid Alvi, Uteig Engineers Inc.
Kerem Gungor, Maine Department of Environmental Protection

Lake Watershed Action Plans: A Holistic Whole Watershed Approach to Clean Water Project Planning
Alison Marchione, Vermont Department of Environmental Conservation

PTAP'ing Toward Nutrient Reduction Accountability
James Houle, University of New Hampshire

Flood Mitigation Strategy Development Through Stormwater Modeling for the Town of Bar Harbor
Emma Olson & Andrea Tavera, Jacobs

New York State's NPS Program: Creative Strategies for Participatory and Comprehensive Community Engagement
Gwendolyn Wynkoop, NYSDEC

Navigating Opportunities for Green Stormwater Infrastructure Across Cape Cod's Boat Ramps
Gemma Kite & Janelle Veary, Horsley Witten Group

Eager Beavers: Rewilding a Golf Course with Help from Nature's Engineers
Julianne Busa, Fuss & O'Neill

Cleaning Yarmouth's Waters with a Comprehensive GSI Approach
Michelle West, Horsley Witten Group

Retention of Microplastics in Rain Gardens: Mesocosm Study and Field Study
Gena Morin & Juanita Urban-Rich, UMass Boston
